About the programme with photographs:

On the special occasion of **Entrepreneurs day**, the management club organized a meaningful celebration to honor the spirit of entrepreneurship. The session started by a welcome note given by Ms. Sharon Ann, Assistant Professor followed by welcoming the guests on to the dais with a sapling. The highlight of the event was the presence of the **chief guest, Ms. Chetana Jain**, who was welcomed with a lot of respect and admiration.

Ms. Jain is a **leading professional** who has been working in this field for the past **27 years**. Her long journey is full of dedication, determination, and inspiring achievements. She shared her valuable experiences with the audience and gave **real-life examples about business**, which made her session very interesting and easy to connect with.

What inspired the audience the most was her personal story. She shared that the **main reason for starting her company** was her dream of being her **own boss** and being recognized for her **own passion**, not by her parents' or husband's name. She proudly said that she was the **first entrepreneur in her family**, and she achieved it all by her own hard work and vision.

Her journey showed that entrepreneurship is not only about business, but also about courage, independence, and creating one's own identity. Listening to her filled the students with motivation and gave them the belief that with passion and determination, anyone can succeed.

The celebration ended with a vote of thanks by Ms. Kavya, Assistant Professor, Entrepreneurs Day reminded the students that true success lies in following your dreams, taking bold steps, and building your own path—just like Ms. Chetana Jain did.

Here are the few glimpses of the event:

Learning Outcomes:

1. Students gained insights into entrepreneurial thinking and leadership approaches, enabling them to understand how to take initiative, make strategic decisions, and adapt to challenges in real-world scenarios.
2. Students developed awareness of the qualities and mindset required to become successful entrepreneurs.
